

TEAR TWO MILE GAP IN HUN LINES

Attack on Three Sides of Soissons-Rheims Salient

American Troops Have Made Their Appearance on the East Side of the Salient for First Time; Late Reports Indicate Rapid Advance Toward Valley Near Fere-en-Tardenois.

YANKEES DEMOLISH ENEMY ATTACK

(By United Press)

Bulletin.—August 1.—Allied troops today smashed forward on three sectors on the Soissons-Rheims salient tearing into German lines for maximum gains of more than two miles at some points.

The attacks were made on the southwestern, southern and southeastern portions of the front over a combined front of nearly 25 miles.

The town of Cramoiselle and the important hill 205 were captured and the Meuniere wood which had held up the allied advance in the center for days was entirely cleared of the enemy.

American troops made their appearance on the east side of the salient for the first time. They were reported advancing toward the Ardre valley near Fere-en-Tardenois.

Yankees Hurt Enemy Back

Paris, Aug. 1.—4 P. M.—New advances by the Americans and French were reported over a large part of the Soissons-Rheims front today.

The allies went forward in the region between Oulchy and Fere-en-Tardenois in the Acrey wood district, near Cierges and also made considerable progress toward the Rheims road in the neighborhood of Bligny.

South of the Courmont-Vismes road the Americans hurled back the Germans.

On the right flank of the salient, the Americans are making progress toward the Ardre valley.

French Make Important Gains

With the French Armies in the Field, Aug. 1.—Gen. Mangin's army attacked between Fere-en-Tardenois and Plessier-Hulen this morning a front of nearly ten miles taking hill 205, from where Fismes is visible and capturing positions northwest of Fere-en-Tardenois.

At the hour of cabling the attack was still progressing.

Other troops took Meunieres wood in the salient southeast of Cierges. Through the French front the Germans are again using their artillery heavily especially in the neighborhood of Rheims and Montdidier. They also unsuccessfully tried surprise attacks along the right bank of the Meuse, seeking to feel out the allied front.

Yankees Gain Objectives

With the American Army in France, Aug. 1.—American troops struck again last night at the apex of the allied advance on the lower portion of the Soissons-Rheims salient, storming the heights between Seringes and Sergy. They gained their objectives.

The boys drove forward behind an American made smoke cloud. They were preceded by a series of heavy barrages. The advance was made possible by an allied attack in the sector directly east of the Americans which cleared out a small German band.

Germans Begin "Digging In"

With the American Army in France, Aug. 1.—The Germans, in effort to hold their present line,

DENIES APPEAL FOR R. R. TARIFF SCALE

Indianapolis and Cincinnati Interurban Freight Carriers Denied Increase Given Steam Roads

17 COMPANIES INVOLVED

Commission Decides That Functions of Interurbans and Railroads Are Different

With the decree of the Public Service Commission which was rendered yesterday afternoon, the ease which numerous Rush county residents were watching with interest was decided when the commission gave out the information that the Indianapolis and Cincinnati interurban freight carriers will not be authorized to establish the same scale of freight rates in effect on steam railroads.

The petition which was made by the Indianapolis and Cincinnati traction company was in co-operation with that of sixteen other roads asking to be allowed the increase to the basis prescribed by Director General McAdoo which will apply only to steam roads.

The commission denied the petition of the electrics for the rates of the steam lines but arranged a new scale designed to attract light freight for short hauls to the interurbans and to send heavy freight for long hauls to the steam lines. The same freight classification is maintained but a new rate scale enforced.

In handing down the decision the commission held that the functions of the interurban and steam railroads are different, that interurban transportation is more nearly akin to express service than to steam carrier freight service and that interurban freight carriers were best adapted to serve as local distributor of package merchandise and not equipped to handle heavy, low-class freight.

The interurban terminal cost of handling package freight is much less than that of steam carriers, the commission held, while the haulage cost is greater, and a scale of rates adjusted to steam carrier conditions is not suited to interurban conditions, since a scale of reasonable class rates applicable to interurban transportation must necessarily be for short distances and higher for long distances than steam carrier rates, and relatively lower on the high-classes, and higher on the low-classes than steam carrier rates.

The commission held that uniformity of rates throughout the state is desirable and that the uniform rate scale based on a liberal allowance for terminal cost with a uniform progression according to distance be ordered installed by the interurban. If the rates were increased to a steam road basis, the commission said, automobile truck competition with interurbans would be stimulated to a degree that would cut down the interurban revenues from freight transportation.

NEW GERMAN FORCES ENTER

London, Aug. 1.—3:45 P. M.—A new German army under General von Eben has been thrown into the Soissons-Rheims pocket. It was learned this afternoon.

For the first time this year the allies' fresh reserves are now stronger numerically than those of the Germans.

According to dispatches today from Berlin,

CLOSED DURING ASSEMBLY

Red Cross Headquarters Closed All Next Week

All departments of Red Cross headquarters will be closed all day beginning Monday and continuing during the week, on account of Chautauqua. Saturday of this week, therefore will be the last chance for industrious knitters to get yarn for use during Chautauqua sessions as the headquarters will be open in the afternoon of that day as usual, for that purpose. Further, notice will be given through the press, concerning the work for the week following the closing of Chautauqua for there will possibly be a quantity of small orders to be gotten out by the first of September, and the help of all workers will be needed.

AVIATOR KNOWN HERE IS MISSING

Maxwell Parry, Son of Mrs. D. M. Parry, and a Former Resident of This City in Pershing's List

WON FAME IN RECENT COMBAT

Numerous Friends and Relatives Here Learn of Disaster to Young Lieutenant With Regret

Lieut. Maxwell Parry of the 217th Aero Squadron, American forces in France, has been "missing" since July 8, according to information received yesterday by his mother, Mrs. D. M. Parry of Indianapolis.

Lieut. Parry, who is related to Mr. and Mrs. William E. Wallace of this city, has a host of friends in Rushville where he formerly resided.

This morning he was quarantined and although his infection was also extremely slight, the family was placed in quarantine. They will be released the latter part of the week and with the thorough fumigation of the home the health officials believe this will be their last small pox patient.

Dr. Kinsinger stated today however, that the physicians will still keep a sharp look out for other possible developments which might occur within the next week.

The only other case which has been pronounced smallpox, now existing in the county is at the home of Zachary Gordon. The 12-year-old daughter of Mr. Gordon was taken ill shortly after the first case was

quarantined and although her infection was also extremely slight, the family was placed in quarantine.

They will be released the latter

part of the week and with the thorough fumigation of the home the

health officials believe this will be their last small pox patient.

The best speakers in the United

States, the most gifted orators and

the most accomplished men in their

respective lines have been attracted

to the chautauqua platform as a

means of reaching the masses of

the people with their message. The

Rush county chautauqua's program

committee has endeavored to pro-

vide the people of the county with

a program that reflects the spirit

of the time. War will be predominant.

Patriotic music will be emphasized

and men who speak with authority

on various phases of the great con-

flict will enlighten the audiences at

the coliseum next week.

No one speaker is expected to

meet with more popular approval

than Irvin S. Cobb, the gifted war

correspondent who will lecture the

last Sunday afternoon of the as-

sembly. Coming direct from the bat-

tle front in France, rich in experi-

ence and with the ability to describe

what he has seen, Cobb will un-

doubtedly please Rush county audi-

ences as well as any other man who

ever appeared at the chautauqua.

SMALLPOX PATIENT ASSEMBLY MEETS IS RELEASED TODAY POPULAR APPROVAL

Policeman Basil Seward Released This Morning After Almost Three Weeks in Quarantine

ONE CASE YET UNDER SURVEY

Health Officials Believe the Most Remote Possibility of Epidemic Has Been Passed

That the most remote possibility for the smallpox epidemic, which loomed up about three weeks ago has passed, is the confident belief of Rushville health authorities.

During the entire period that the disease was known to exist in the county, Dr. J. B. Kinsinger, county health official and his assistants kept the matter directly under their survey and enforced such stringent methods that the possibility of a spreading of the disease was wiped out in the first days of its existence.

Policeman Basil Seward who was in quarantine for almost three weeks was released today and his home in North Harrison thoroughly fumigated by the health officials. No other member of his family was taken ill and the fumigation and vaccination which was launched through the down town district and in the police headquarters as soon as the decree of the state smallpox officials gave out an affirmative report stamped out any smallpox germs which might have existed.

The only other case which has been pronounced smallpox, now existing in the county is at the home of Zachary Gordon. The 12-year-old daughter of Mr. Gordon was taken ill shortly after the first case was

quarantined and although her infection was also extremely slight, the family was placed in quarantine.

They will be released the latter

part of the week and with the thorough fumigation of the home the

health officials believe this will be

their last small pox patient.

INJURIES TO BACK RESULT FROM FALL

Jesse Walker Falls Several Feet This Morning While Assisting In Cutting Down Large Tree

NO INTERNAL INJURIES

Jesse Walker, of South Harrison street, was seriously injured this morning when he fell from a tree in West First street, suffering painful bruises to his back.

Mr. Walker was assisting in the felling of the large tree in the rear of the building formerly occupied by the Court House Grocery and was standing on a temporary platform built on one of the limbs, while he was cutting a huge branch from above his head. The branch cracked suddenly and striking Mr. Walker threw him to the ground, several feet below. He was taken to his home where medical assistance was called, showing however, that he had suffered no internal injuries.

A mid-summer circus—an enter-

tainment to which the younger gen-

eration of the city is looking for-

ward with great anticipation—has

been scheduled for Rushville and

will appear the afternoon and even-

ing of Wednesday, Aug. 21, in the

circus grounds of West Third street.

Bills and other posters heralding

the approach of the John Robinson

circus made their appearance in

the city today and began indoor

announcements beginning to an-

the kiddies of the city displayed

boundless gladness at the coming of

the circus.

The children have been

delighted with the performances

of the clowns and other trick per-

WEATHER

Generally fair tonight and Friday; warmer.

CONSERVE WOOL

To conserve the supply of wool during the war you must save your clothes.

One way of doing this is to let us dry clean, press and repair them.

GET READY

for the Rush County Chautauqua. Send us your clothing. We can make a new suit out of your soiled and disabled clothing. Special attention given to ladies' garments.

Have us call today and get your work out for you in time for the Chautauqua.

LIBERTY LOAN CONVERSION

All holders of Bonds of the First Liberty Loan, the First Liberty Loan converted, or the Second Liberty Loan may at any time between now and November 9th, 1918, convert them into Bonds bearing 4 1/4% interest, running for the same number of years.

As this process of conversion, on account of its magnitude, will likely require some considerable time, we would suggest that those who wish to convert, leave their Bonds with us for this purpose within the next sixty days.

Receipt will be given for all Bonds left for conversion, and no charges will be made for our services in this connection.

England's Transformation

We are daily importuned to save food in the form of wheat, meats, fats and sugar to send to our allies, and frequently the question is asked, "What is England doing to provide herself with food?" The answer is that England is providing herself with a decidedly increasing amount of food. She has turned her moors and parks into vegetable gardens and fields of grain.

All England thinks now that it is better for the country if her famous private and public parks produce less beauty and more food. An early morning glimpse of Kensington Gardens and Hyde Park reveals whole families at work, each in his allotted space, tilling and planting the soil where once were thick velvety lawns.

One big factor in the increase of food production is the "back to the land movement" and the interest in agriculture stimulated by the help of women. They are working shoulder to shoulder in the fields, organizing townswomen and the old and young who are capable of doing agricultural work.

But England's achievement, in raising in the midst of all her perplexities a larger proportion of her food than ever before in history, would have been impossible without a larger use of American-made power-machines than the English farmer would have tolerated three years ago. Three thousand five hundred tractors have been placed at the disposal of farmers, and almost an equal number of cultivators and other auxiliary machines for use with tractors. Thousands of plows and other horse-drawn implements are being supplied by the Ministry of Food to stimulate and help farmers and other food producers.

German prisoners are being used to help till the fields, for the labor shortage is a serious difficulty this year when the aim of all England is to get a vastly increased area under cultivation. Last year's increase over 1916 in potato area alone was 97,637 acres, representing in yield 1,400,000 tons of potatoes.

Be a Daily Thrifter

Thrift Stamp Day is every day. If you can't afford to buy one for Uncle Sam, buy one for yourself, and then buy some more, and buy them regularly. The money goes to the government, but the interest and the habit of saving go to the purchaser. And the saving habit is worth more than the money.

What a wonderful thing it would be for the country if every family were a regular purchaser of Thrift Stamps. How much money that is now dribbled away uselessly would be piled up and put to a useful purpose if boys and girls should get the habit of saving for Uncle Sam and should continue it after the war is over again. You can definitely feel your Rheumatism leaving you, and what a relief your Rheumatic days are over. 50¢ and \$1.00, the price of a Neutrone Prescription 99, is as sure as time.

No more fiery salves and liniments that hurt you more than the Rheumatism, but a good clean internal remedy that eliminates all impurities of the blood, makes you like new, makes you "feel" like doing things again. You can definitely feel your Rheumatism leaving you, and what a relief your Rheumatic days are over. 50¢ and \$1.00, the price of a Neutrone Prescription 99, is as sure as time.

W. H. WILSON and leading druggists everywhere carry

Neutrone Brand Soaked, Stimulated shoulders at Kramers at 20c. 1148

THIS DAY IN THE WAR

Aug. 1, 1917

British and French gain more ground in new Belgium offensive.

Aug. 1, 1916

Germans counter attack fiercely in Somme region. Zeppelins and airplanes bombard English coast towns.

Aug. 1, 1915

Austro-Germans drive back Russians in five engagements.

Aug. 1, 1914

Germany declares war on Russia. Invades Luxemburg.

One. It gives independence.

Every family in Rushville will do well a good turn if it makes a start on Thrift Stamps today, or if it adds to the stock already on hand.

The National Defense League, of which Theodore Roosevelt is honorary president, is engaging in a nation-wide movement against the purchase of German-made goods. Its slogan is, "Turn Germany upside down, and you will find made in hell stamped upon it." The league is asking 20,000,000 subscribers to sign a pledge not to buy articles of any kind with the "Made in Germany" stamp.

Sir William Robertson, former chief of the British general staff, says that only one-fourth of the war is purely military effort and that the remaining three-fourths is non-military, consisting of agriculture, food, shipping, diplomacy, etc., all of which puts the burden of the responsibility on the folks who remain at home.

The war bills of England and America are met by appropriations made by Parliament and Congress respectively. But the American soldiers are preparing to pay Germany's War Bill in full for all his acts.

It was a pity that General Fenton received his cue for an exit before the great war act began. He would have loved to be cast for a part in it and would have played his part well.

The girl who married six soldiers in succession and secured an allotment from each of them should have gone into Wall St. She has all the makings of a high financier.

SEE FOR YOURSELF
THEY ONLY COST 2 BITS

(From Collier's)

On "War Savings Stamp Day" an editorial in Mr. Hearst's "New York Evening Journal" exhorted its readers as follows:

"Buy your thrift stamps, show them to the family. Point out the picture of George Washington in the middle of the stamp."

If the gifted author of those lines had only stopped writing about the thrift stamps long enough to buy one—or at least to borrow some one else's—he would have found that it might puzzle even the owner of "The Journal" to discover a portrait of George Washington in the middle, or anywhere else. It is a risky business, this describing objects we have never seen.

Rheumatics Won't Be Fooled

They Stick to "Neutrone Prescription 99"

You have tried a lot of things for Rheumatism but still have it, it is discouraging.

Now try the new, sure, quick, easy, no trouble way, the new "Prescription 99" way.

Watch it get that uric acid out of your system, get rid of those sore aching, inflamed joints and muscles and in a hurry too, "Neutrone Prescription 99" is as sure as time.

No more fiery salves and liniments that hurt you more than the Rheumatism, but a good clean internal remedy that eliminates all impurities of the blood, makes you like new, makes you "feel" like doing things again.

You can definitely feel your Rheumatism leaving you, and what a relief your Rheumatic days are over. 50¢ and \$1.00, the price of a Neutrone Prescription 99, is as sure as time.

Social Calendar

Friday

A social and lawn party was given Saturday night at the home of Mr. and Mrs. Miles Danbeuspeck, marking the first of a series of such socials being given by the members of the Ladies Aid society of the Fairview Christian church every two weeks. These interesting affairs have been planned from a patriotic motive, as the proceeds of the sale of ice cream and wafers which are served during the evenings, will go toward buying War Savings Stamps. A large crowd attended the initial event, and the spacious lawn with the myriads of Japanese lanterns and beautifully adorned tables formed an attractive picture. The next of the series will be held at the home of Mr. and Mrs. Walter Rees, in two weeks.

The Misses Helen and Marie Joyee entertained Tuesday night honoring their cousin, Miss Anna May O'Malley of Chicago, who has been their guest for the past two weeks, and will return home soon. The pleasant evening was spent in guessing contests, games, and music. Dainty refreshments were served by the hostesses to the following guests,

Miss Mary Amos entertained yesterday morning at her home in North Perkins street with a pretty infor-

Anxious For
Duty Before
War Cease

Rush County Girls Who Call at Nurses Recruiting Station in Court House Are Desirous of Completing Training Course and Securing Passage Overseas Before End of War.

"But you don't think it will all be over before we complete our training and get over there, do you?"

The anxious inquiry is the final question which each applicant to the nurses training reserve puts to Mrs. A. L. Stewart, county enrolling agent for Rush county, as she sits at her desk in the court house each afternoon answering myriads of questions which the eager young women of the county ask concerning enlistment in the nurses corps.

"The spirit shown among the young women of the county discloses the fact that the splendid patriotism which they have displayed during the past months has come from the hearts of true American girls and has not been merely brought to the surface by the singing of a patriotic song or the appearance of the Stars and Stripes," declared Mrs. Stewart.

"All that I have enrolled and all who have come for information are earnestly desirous of finding material assistance in the struggle. They are not daunted by the possible hardships which await them either in training school or after they have taken up active duty in a foreign hospital. They have but one purpose and that is the same which has caused thousands of our boys to enter the trenches."

Already thirteen girls have been enrolled and are anxiously awaiting a call to a training school while the scores of inquiries will doubtless result in the county oversubscribing its quota of twenty recruits. The recruiting station will be removed to the chautauqua grounds next week where the enlistment blanks and certificates may be filled out.

Smaller campaigns similar to the one carried on here are in action in all of the out townships where Mrs. Stewart has authorized the township chairmen of the woman's department of the defense council to scour their townships for recruits to the nurses reserve.

Mal bridge party, honoring Mrs. Donald Stackhouse of Augusta, Ga., who has been her guest for the past few days. Twelve guests enjoyed the pleasant morning over card tables, and at noon a delicious course luncheon was served in the dining room, when the table was beautifully adorned with mixed flowers arranged in plateau effect.

An informal dinner party was given by Mr. and Mrs. J. T. Arpuckle at their home in West Seventh street last night honoring Mr. and Mrs. Charles Bassler and daughter Nola, of Sturgis, Mich. The dining room, where the splendid dinner was served was tastefully arranged with summer flowers, the table centerpiece being a large bouquet in plateau effect. Covers were laid for Mr. and Mrs. Bassler, Miss Nola Bassler and Mr. and Mrs. Charles H. Brown.

The beautiful country home of Mr. and Mrs. Ed Miller south of the city was the scene of a pretty dinner party last night honoring Mrs. Frank Stewart of Des Moines, Iowa. The spacious rooms of the home were artistically arranged for the occasion carrying out a color scheme of red, white and blue, and huge bouquets of roses and carnations adorned the tables, when the bountiful meal was served to twenty-three guests.

Mr. and Mrs. Charles Fraze entertained at dinner yesterday at noon, Mr. and Mrs. Charles Bassler, and daughter Nola of Sturgis, Mich., who motored here a short time ago, and have been the guests of friends until this morning when they returned home. In the afternoon Mrs. Bassler entertained informally when the guests included a number of old friends and neighbors of Mr. and Mrs. Bassler when they formerly lived in this city.

A social under the auspices of the Ladies Aid society of the Little Flatrock church will be

Attire Yourself Becomingly and Comfortably

for the

Rushville Chautauqua

Beginning Saturday, August 3rd

Our stocks are full of cool summer wearables that will add greatly to your pleasure and comfort during the coming big week. Avail yourself of the opportunity of being clad in keeping with the spirit of the chautauqua.

Pretty new lingerie waists that show all the latest fashion tendencies. Wirthmor waists \$1.00. Welworth waists \$2.00. Neat waists for stout ladies in sizes 43 to 53.

Amusements

Another of the splendid photo-plays of Thomas J. Geraghty, former Rushville newspaper man will appear at the Princess theater this evening when "One Dollar Bid" will be shown in which J. Warren Kerrigan is starring. The story is laid in Kentucky and interwoven with the picturesque charms of the country there is an unmistakable strain of romance and red-blooded action. "The Allied War Review" will be shown in addition to the other program. Tomorrow Marguerite Clark will appear in "Prunella" and Saturday Earl Williams will star in "The Seal of Silence."

given tomorrow night in the church by the members of the losing side in the Hidden Answer contest which was recently brought to a close. An interesting patriotic program has been arranged and every body is cordially invited to attend.

Miss Nellie G. King and F. E. Kennett both of Milroy were quietly married last night at the home of Miss King with the Rev. Mr. Adams officiating. Miss King is the daughter of James King and Mr. Kennett is a grocer and hardware man near Milroy where they will reside.
